Holiday Greetings

By Anton Hermans

The end of 2014 is near and it is time to reflect. 2014 was a turbulent year for the school from which we have to learn lessons for the future to prevent them from happening again. There were also many moments of joy and happiness. For instance, the sports days, teacher's day, the job fair and the various house activities on Fridays. These are just a few activities.

Medezeggenschapsraad (MR)

The MR had their training last month and they are meeting with each other to discuss the way forward. The MR will share more information in 2015.

Police

From the start of 2015 the police will be in school regularly so students can talk with the police about certain matters they would like to address. It is also presents the opportunity for the school to have students meet up with the police if they did something which is not right. The police can have a talk with the students and inform them about the consequences.

Workshop 05-01-2015

On Monday the 5th of January there will be no school due to a workshop day for all teachers. School will be closed.

School Fit

During the first week of the Christmas holiday the administrative staff will start entering data in our new program called School Fit. We purchased this program because it registers the attendance better compared to the current program we use for entering the grades. Eventually, all grades will be entered in this new system. It also gives you as a parent/guardian the opportunity to keep track of your child's records. You will receive a login in 2015.

Staff

Nadine Granger will be back after the Christmas Holiday to teach and to lead the lower forms and PrO department. Mr. Franklin Wilson was able to teach form 5 in her absence. We would like to thank Mr. Wilson once again for assisting SCS in times of need.

Ms. Esther Schasfoort is replacing Mrs. Tracy Zagers-Johnson at the moment. She was offered a job at SCS as a Spanish/Dutch teacher which she accepted. The management is very happy and grateful that she agreed to remain with us.

Mr. Randall Thielman has been off island due to medical reasons. Most likely, he will return to SCS after the Christmas break. Mr. Willis Lucas and Ms. Urla Deshong took shifts at SCS and we would like to thank them for assisting SCS as well.

Christmas Holiday

Because of the Christmas Holiday the school will be closed from December 20, 2014 — January 5, 2015. The office will be opened the 16th—19th of December.

Students from form 3V Tech are helping Frank Granger to put some shelves up in the Science Department for all the chemicals. Of course, the students are being assisted by the teachers to guide them through this hands-on-learning process.

Special Leave

In the last few days the school administration received several request from parents/guardians to ask for special leave. Please be aware that school is compulsory. Therefore holidays abroad can only begin when school is formally closed.

Walk-a-thon

Thursday the 4th of December, 2014 the Saba Fit Walk-a-thon starts at 6pm at the Eugenius Johnson Center. At 5pm all children with their families can assemble for face painting. The school buses will drive through the villages at 5pm to transport all interested persons to EJC. Buses will also transport people back to their villages after the event.

Upcoming Events

December 2014

- 10 Community Service Day
- 11 Sports day
